

Potomac Pediatrics Flu Clinic Registration Guide

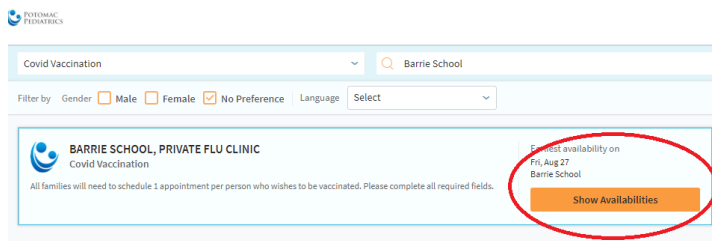

1. Follow this link and <https://healow.com/apps/practice/potomac-pediatrics-rockville-md-9647?v=1> and review instructions below!
2. Once you see this screen, select Flu Shot and click “next”.

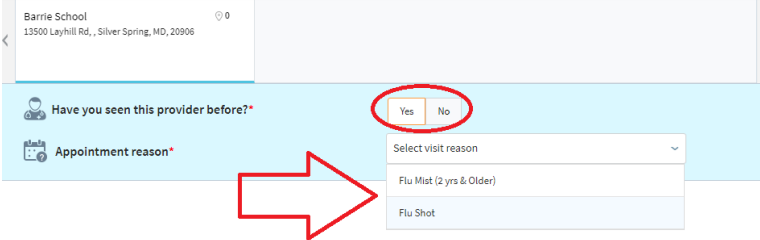

3. Select the location: Potomac Pediatrics

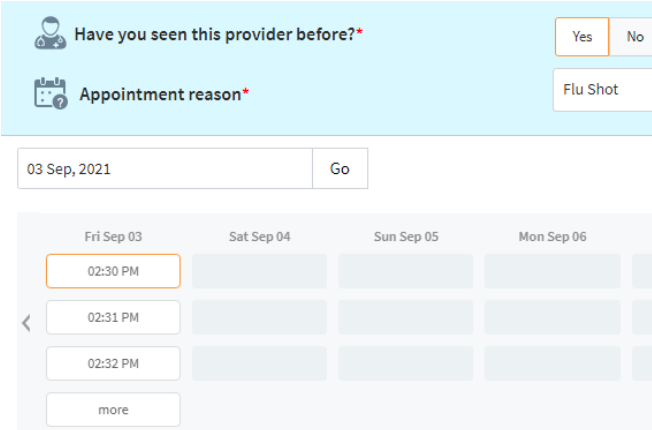

4. Once the location has pre-populated, select “Show Availabilities”.

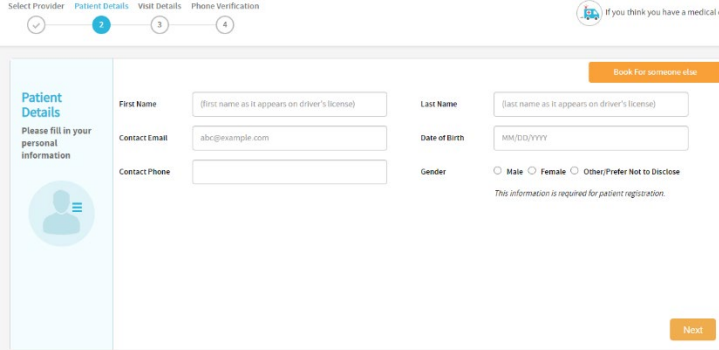

- If your child has been tested, vaccinated or is a patient with us, please select “Yes” to having seen this provider before, and then choose your vaccine option.

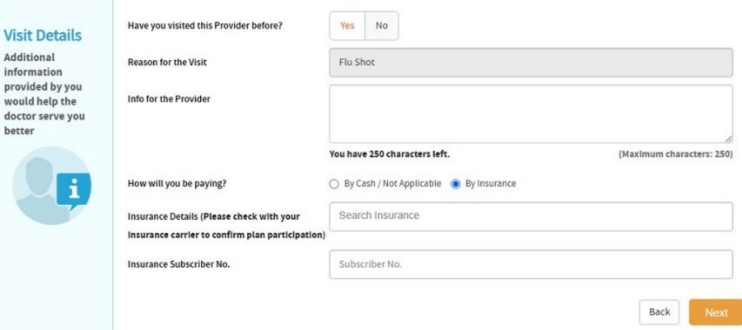

- After choosing your vaccine option, select the time you would like to register for.

- Register as prompted by the screen below after selecting your time and hit “next”.

- From here, select “By insurance” and enter in your insurance information. The subscriber no. is your member ID or subscriber number on the front of your insurance card.

- The last step is choosing a phone call or text for a code to be sent to. This completes registration and books your appointment. Choose your option, then enter the code and you are done!

We need to verify your phone number for this appointment
This will be done by an instant phone call or text message. Select your preference.

By entering your number, you agree to receive an automated telephone call or one text message (with a passcode) to verify your account. Message and data rates may apply.
